**Sub:** Measures to enhance Cyber Security and maintain Cyber Hygiene - reg.

**Ref:** HQrs Office D.O. No. Mech/IT&S/810/Cyber Security dated 19.06.2023

With an increasing number of users, devices and programs in the modern enterprise, combined with the increased deluge of data -- much of which is sensitive or confidential -- the importance of cybersecurity continues to grow. Through the aforementioned letter, HQrs Office has enunciated a few measures to avert security breaches and maintain cyber hygiene across all DAD offices:-

- i. Maintenance of an automated inventory of all PCs and office devices with their respective MAC IDs.
- ii. Allocation of Static IPs and MAC binding of devices.
- iii. Migration of all internet connected PCs to hardened Linux-based 'MAYA' Operating System.
- iv. Use of only genuine and licensed software in PCs.
- v. Conduct of workshops/training/webinars to enhance cyber awareness among officers and staff.

Additionally, Annexure-'A' lists all cyber security related advisories issued by HQrs Office that have been published on CDA (Army) Meerut website. It is advised that all officers and staff are sensitized towards better cyber practices by following the issued advisories.

A compliance report in regard to the realization of the above listed measures may be forwarded to this office via email on **cdaarmymeerut.dad@nic.in** latest by ..12 July, 2023
